EDUCATION

Kennesaw State University Kennesaw, Georgia

Bachelor of Science in Computer Science, Artificial Intelligence Concentration Expected May 2027

TECHNICAL SKILLS

Languages: Luau, Python, Java, SQL; familiar with C# and C++

Tools and Platforms: Roblox Studio, Git, GitHub, GitLab, Microsoft Office, Google Workspace

TECHNICAL EXPERIENCE

Fish Group Studio Remote

Gameplay Developer August 2025 - Present

- Develop gameplay features and backend systems for Roblox experiences, including UI, model, and animation integrations.
- Collaborate remotely with developers to implement, test, and refine player-facing mechanics.
- Contributed to Arcane Lineage, a Roblox experience with more than 125 million visits, through its eventual \$300,000 sale.

SELECTED PROJECTS

Dungeon Game | Multiplayer Dungeon RPG May 2026 - Present

Roblox Studio, Luau, DataStoreService, GUI, backend Systems, gameplay logic

- Built a multiplayer action RPG with three character classes, configurable skills, equipment rarities, resource systems, and experience-based progression.
- Engineered server-authoritative combat with reusable hitbox and raycasting systems, persistent inventories, party queues, and reserved-server teleportation.

TinyRoblox | Multiplayer Dungeon Roguelite May 2026 - Present

Roblox Studio, Luau, DataStoreService, Client-Server Architecture

- Developed multi-floor dungeon runs with enemy waves, boss encounters, randomized loot, character talents, achievements, and persistent progression.
- Created modular branching encounters and server-authoritative melee and projectile combat with matchmaking, reserved servers, and dynamic interfaces.

ADDITIONAL EXPERIENCE

QuikTrip | Clerk Atlanta, Georgia | May 2024 – Jan 2026

- Serve customers and complete food preparation and store-maintenance tasks in a high-volume team environment.
- Coordinate with team members to keep service and store operations moving efficiently during peak hours.
